DETAILED ACTION

Drawings

1. The drawings were received on 10/22/2003. These drawings are approved.

Allowable Subject Matter

2. Claims 1, 2, and 4-10 are allowed.

Response to Arguments

3. Applicant's arguments filed 10/22/2003 have been fully considered and are persuasive.

However in response to the objection to the drawings outlined in paragraph 7 on page 4 of the previous office action mailed on 7/25/2003, applicant stated that page 9 line 29 had been amended to clarify that field lens 417 is shown in figure 7. Although this particular paragraph, which starts on line 29, had been amended to show that many components are shown in figure 7 and not in figure 4, field lens 417 is not one of those components. Field lens 417 is not mentioned in applicant's specification until page 11 lines 17-20. However since it is shown in figure 7 and described in page 11 lines 17-20 and one with ordinary skill in the art at the time the invention was made could make the invention based on its only being labeled in figure 7, the objection to the drawings is withdrawn.
